

IJ-P27

Base Material: .002" white opaque pressure sensitive polyester

Optional Overlaminates: .001" Gloss Clear Polyester
.001" Gloss Matte Polyester
.002" Gloss Clear Polyester

Printing Process: Conventional Screen Printing (UV inks)

IJ-P28

Base Material: .005" - .060" clear polycarbonate

Adhesive Options: .002" 3M 467MP
.005" 3M 468MP

Printing Process: Conventional Screen Printing (UV inks)

IJ-P28A

Base Material: .005" - .020" clear polycarbonate

Adhesive Options: .002" 3M 9471LE
.005" 3M 9472LE

Printing Process: Conventional Screen Printing (UV inks)

IJ-P50

Base Material: .001" Gloss Clear Pressure Sensitive Polyester

Printing Process: Conventional Screen Printing (UV inks)

IJ-P57

Base Material: .002" white opaque pressure sensitive polyester

Overlaminates: .001" Gloss Clear Polyester

Printing Process: Digital Injket (UV inks)

IJ-P58

Base Material: .002" white opaque pressure sensitive polyester

Overlaminates: .001" Matte Clear Polyester

Printing Process: Digital Injket (UV inks)

IJ-P59

Base Material: .002" clear pressure sensitive polyester

Overlaminates: .001" Gloss Clear Polyester

Printing Process: Digital Injket (UV inks)

IJ-P60

Base Material: .002" clear pressure sensitive polyester

Overlaminates: .001" Gloss Clear Polyester

Printing Process: Digital Injket (UV inks)

IJ-P66

Base Material: .002" white opaque pressure sensitive polyester

Optional Overlaminates: .001" Gloss Clear Polyester
.001" Gloss Matte Polyester
.002" Gloss Clear Polyester

Printing Processes: Conventional Screen Printing (UV inks)
Digital Injket (UV inks)
